

DoubleDown Interactive Reports First Quarter 2025 Financial Results

May 13, 2025

SEOUL, South Korea, May 13, 2025 (GLOBE NEWSWIRE) -- DoubleDown Interactive Co., Ltd. (NASDAQ: DDI) ("DoubleDown" or the "Company"), a leading developer and publisher of digital games on mobile and web-based platforms, today announced unaudited financial results for the first quarter ended March 31, 2025. Beginning with the fourth quarter of 2024, the Company is reporting its financial results in accordance with International Financial Reporting Standards ("IFRS"). As such, the financial results for the first quarter 2025, as well as the comparable period for 2024, reflect IFRS. The Company previously reported its financial results in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

First Quarter 2025 vs. First Quarter 2024 Summary:

- Revenue was \$83.5 million in the first quarter of 2025 compared to \$88.1 million in the first quarter of 2024. Revenue from the Company's social casino/free-to-play games was \$70.3 million in the first quarter of 2025, a 12% decline from the first quarter of 2024. Revenue from SuprNation, the Company's iGaming subsidiary, increased 59% year over year to \$13.2 million, primarily as a result of our increased efforts in new player acquisition.
- Operating expenses were \$53.9 million in the first quarter of 2025 compared to \$57.0 million in the first quarter of 2024, primarily due to lower cost of revenue reflecting lower revenue and lower research and development expenses, partially offset by higher general and administrative expenses.
- Profit for the interim period (excluding non-controlling interest) was \$23.8 million, or earnings per fully diluted common share of \$9.62 (\$0.48 per American Depositary Share ("ADS")), in the first quarter of 2025, compared to profit for the interim period (excluding non-controlling interest) of \$30.3 million, or earnings per fully diluted common share of \$12.24 (\$0.61 per ADS), in the first quarter of 2024. The decrease was primarily due to lower revenue, lower net unrealized gain on foreign currency and higher general and administrative expenses, partially offset by lower sales and marketing and research and development expenses. Each ADS represents 0.05 share of a common share.
- Adjusted EBITDA was \$30.8 million for the first quarter of 2025 compared to \$32.7 million in the first quarter of 2024. Adjusted EBITDA margin was 36.9% in the first quarter of 2025 and 37.1% in the first quarter of 2024.
- Average Revenue Per Daily Active User ("ARPDau") for the Company's social casino/free-to-play games increased to \$1.29 in the first quarter of 2025 from \$1.26 in the first quarter of 2024 and slightly decreased from \$1.30 in the fourth quarter of 2024.
- Average monthly revenue per payer for the social casino/free-to-play games decreased to \$276 in the first quarter of 2025 from \$281 in the first quarter of 2024 and from \$282 in the fourth quarter of 2024.
- Net cash flows from operating activities for the first quarter of 2025 were \$41.1 million compared to \$35.7 million in the first quarter of 2024. The increase is primarily due to lower net unrealized gain on foreign currency translation, lower accounts receivable and increased accounts payable due to timing of payments, partially offset by lower operating profit.

"The first quarter marked another period of successful execution on our strategic operating priorities focused on driving a high conversion of revenue to profit and cash flow, as we generated \$41.1 million in cash flow from operations in the period," said In Keuk Kim, Chief Executive Officer of DoubleDown. "While social casino revenues declined year over year as expected given the strong performance in the prior-year period, we continue to achieve strong monetization metrics for our flagship casino game, DoubleDown Casino.

"Our SuprNation iGaming business continues to build on its 2024 momentum with first quarter revenues rising 59% year over year to \$13.2 million, as we strategically increase our investments in new player acquisition in the core Sweden and U.K. markets. We continue to target strong top line growth for SuprNation this year while maintaining our capital efficiency discipline.

"We ended the first quarter with an aggregate net cash position of approximately \$421 million, or approximately \$8.51 per ADS. As our consistent free cash flow generation further strengthens our balance sheet, we have significant flexibility to pursue growth opportunities through our in-house development efforts and through potential M&A opportunities that create value for shareholders."

Safe Harbor Statement

Certain statements contained in this press release are "forward-looking statements" about future events and expectations for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements are based on our beliefs, assumptions, and expectations of industry trends, our future financial and operating performance, and our growth plans, taking into account the information currently available to us. These statements are not statements of historical fact. We have based these forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. Therefore, you should not place undue reliance on such statements. Words such as "anticipates," "believes," "continues," "estimates," "expects," "goal," "objectives," "intends," "may," "opportunity," "plans," "potential," "near-term," "long-term," "projections," "assumptions," "projects," "guidance," "forecasts," "outlook," "target," "trends," "should," "could," "would," "will," and similar expressions are intended to identify such forward-looking statements. We qualify any forward-looking statements entirely by these cautionary factors. We assume no obligation to update or revise any forward-looking statements for any reason or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

Use and Reconciliation of Non-IFRS Financial Measures

In addition to our results determined in accordance with IFRS, we believe the following non-IFRS financial measure is useful in evaluating our operating performance. We present "adjusted earnings before interest, taxes, depreciation and amortization" ("Adjusted EBITDA") because we believe it assists investors and analysts by facilitating comparison of period-to-period operational performance on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. The items excluded from the Adjusted EBITDA may have a material impact on our financial results. Certain of those items are non-recurring, while others are non-cash in nature. Accordingly, the Adjusted EBITDA is presented as supplemental disclosure and should not be considered in isolation of, as a substitute for, or superior to, the financial information prepared in accordance with IFRS, and should be read in conjunction with the condensed consolidated interim financial statements furnished in our report on Form 6-K filed with the SEC.

In our reconciliation from our reported IFRS “profit before income tax” to our Adjusted EBITDA, we eliminate the impact of the following four line items: (i) depreciation and amortization; (ii) finance income; (iii) finance cost; and (iv) other (income) expense. The below table sets forth the full reconciliation of our non-IFRS measures:

Reconciliation of non-IFRS measures

(in millions, except percentages)

	Three months ended March 31,	
	2025	2024
Profit for the interim period	\$ 23.9	\$ 30.4
Income tax expense	8.9	8.0
Profit before income tax	32.8	38.4
Adjustments for:		
Depreciation and amortization	\$ 1.1	\$ 1.6
Finance income	(4.6)	(8.0)
Finance cost	1.5	0.7
Other (income) expense, net	-	-
Adjusted EBITDA	30.8	32.7
Adjusted EBITDA margin	36.9%	37.1%

The key differences between reconciliations of Adjusted EBITDA and Adjusted EBITDA margin under IFRS and under GAAP arise from the treatment of certain adjustments, particularly in the areas of depreciation and amortization, finance income, and finance cost per the respective accounting standards. For reconciliation of Adjusted EBITDA and Adjusted EBITDA margin under IFRS, depreciation related to right-of-use assets is included within the depreciation and amortization, and as such, is added back to Adjusted EBITDA in the reconciliation. In contrast, for reconciliation of Adjusted EBITDA and Adjusted EBITDA margin under GAAP, depreciation related to right-of-use assets is classified under general and administrative expenses, and thus, is excluded from Adjusted EBITDA in the reconciliation. The designation of finance income and finance cost in reconciliation under IFRS reflects a change in the classification of non-operating (income) expense in reconciliation under GAAP. Specifically, the non-operating (income) expense accounts under GAAP have been renamed to finance income and finance cost under IFRS.

We encourage investors and others to review our financial information in its entirety and not to rely on any single financial measure.
